

CSCE CONFERENCES / CONGRÉS SCGC

[CSCE 2012 Annual Conference / Congrès annuel SCGC 2012 - Leadership in Sustainable Infrastructure / Leadership en infrastructures durables](#)

June 6-9 juin 2012
Edmonton, Alberta

[Triennial Conference 2012/Sustainable Infrastructure](#)

March 25-26, 2012
Washington, D.C. U.S.A.

Every three years CSCE, ASCE and ICE get together for presentations and meetings on a specific theme. In 2009 CSCE hosted this event in St. John's and the theme was coastal engineering. This year ASCE will be hosting the event in Washington DC, March 25-26. This year's theme is Sustainable Infrastructure. CSCE will be presenting 5 papers at this event.

[CCTC 2013 EIC Climate Change Technology Conference/La 3e conférence sur les technologies du changement climatique \(CTCC 2013\)](#)

May 27-29, 2013 / mai 27-29, 2013

Montreal

The 3rd Climate Change Technology Conference (CCTC 2013) is a Canadian and international forum for the exchange of ideas for dealing with climate change. It is also an opportunity to keep abreast of emerging techniques and technologies for the mitigation of, and adaptation to, the impacts of climate change. The Engineering Institute of Canada (EIC) and ten of its member societies are organizing CCTC2013, which will be held on the campus of Concordia University in Montreal.

La 3e conférence sur les technologies du changement climatique (CTCC 2013) est un forum international pour échanger de nouvelles informations et idées afin de faire face au changement climatique. Elle offre aussi aux participants l'occasion de se tenir au courant des techniques et technologies émergentes en matière de réduction et d'adaptation aux impacts du changement climatique. La CTCC 2013 est organisée par l'Institut canadien des ingénieurs (ICI) et dix de ses sociétés membres. La CTCC2013 se tiendra sur le campus de l'université Concordia à Montréal
