

CSCE STRATEGIC ACCOMPLISHMENTS OF 2015

Description of the initiative	CSCE Executive responsible for the initiative	Targeted deliverable for 2015	Progress Achieved in 2015
-------------------------------	---	-------------------------------	---------------------------

Strategic Direction #1: Enhanced services to members

1.1 Improve communications between Regions/Sections and Technical Divisions and Committees	Senior Vice President	At least one person in each Regional Council identified to represent the Technical Divisions and Committees	Accomplished: the VPs of PCC and the Regional VPs now include each other in all communications
1.2 Increase recognition of significant contribution by volunteer Executives	President	Process to be put in place to include new form of recognition and communication with the contributing individual's supervisor	Accomplished: standard template developed and 48 letters of commendation sent

Strategic Direction #2: Growing with youth

2.1 Improve Student membership benefit	Vice President, Administration Coordinating Committee	Identify a Practitioner Advisor, in concert with Faculty Advisor and local Section, for each Student Chapter	Accomplished: all Chapters as standard practice seek the engagement of a Practitioner Advisor
2.2 Improve Associate membership benefits	Vice President, Administration Coordinating Committee	Develop mentoring strategy and training and implement on a pilot basis in at least 3 locations	50% Accomplished: approximately 40 CSCE members volunteered to be mentors and an on-line matching program was identified 

Strategic Direction #3: Leadership in Sustainable Infrastructure

3.1 Advance member and public understanding of Sustainable Infrastructure for Northern Canada	Past President	Develop a CSCE position paper on sustainable development in Northern Canada	On hold: CSCE will return to this initiative in 2017
3.2 Advance member and public understanding of infrastructure sustainability rating systems	Past President	Develop a CSCE position paper on a Canadian infrastructure sustainability rating system	50% accomplished: CSCE issued a position paper on sustainable Infrastructure in general, as a foundation document to the preparation of the position papers referred to in 3.1 and 3.2 
3.3 Advance member and public understanding of the quality of Canadian infrastructure	Past President	Ensure that CSCE has a leadership role in the development of the Canadian Infrastructure Report Card and that the second edition of the Report Card is published in 2015	Accomplished: the 2 nd edition of the Canadian Infrastructure Report Card was released January 18 and CSCE has maintained a leadership role in this initiative
